

# Seriously, who will mentor others?

*We are searching...  
for One Brave Soul,*

Who refuses to be subjected to acts, rules, and traditions that are contrary to the principles underpinning the supreme law of the land;

Who has nothing to gain and nothing to lose;

Who is unafraid to come face to face with the Creator;

Who knows sacrifice is rewarded with an astonishing prize;

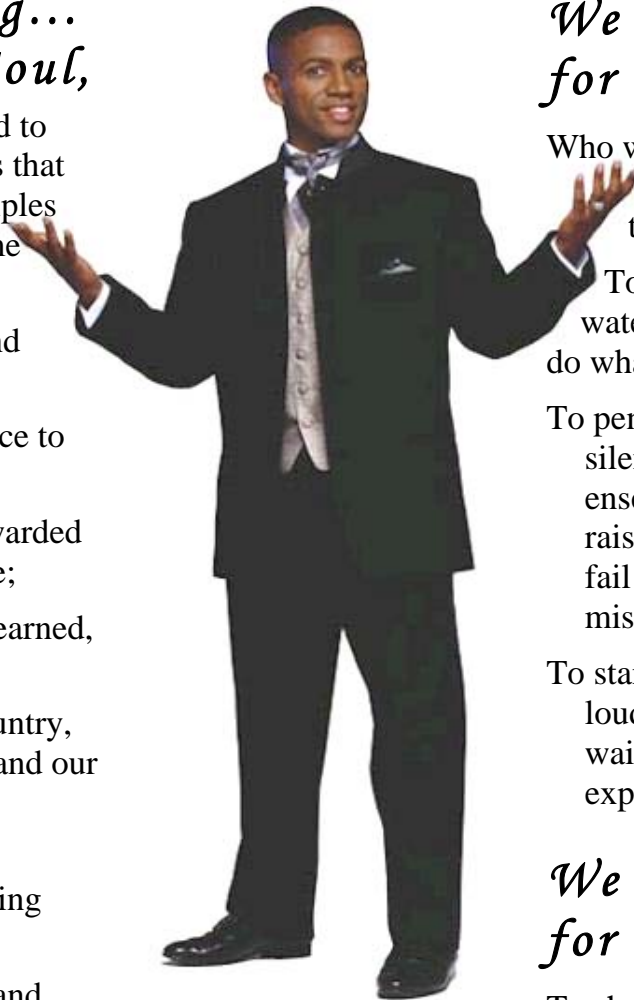

Who understands honor is earned, not claimed;

To defend our beautiful country, our freedom, our safety and our way of life;

To suggest a solution in an extreme instance benefiting everyone;

Who dares to stand, speak and throw down a moral challenge with a clear course of action; and,

To step forward, take the initiative, defy the odds, and make a decision, showing strength from within.

*We are searching...  
for One Brave Soul,*

Who will mentor others in the field, equip them, and serve with them shoulder to shoulder;

To go out there, in treacherous waters or unknown territory, and do what she or he is most able to do;

To penetrate defenses secretly and silently where a remarkable ensemble of characters would raise too many alarms and thereby fail as a team to complete the mission; and,

To stand apart from the crowd and loudly proclaim the words all are waiting to here—words that express a common hope.

*We are searching...  
for One Brave Soul,*
